Gregg

- ① Name
- ② Major
- ③ Hometown → Casper, WY
- ④ Last math taken – what, when, where
- ⑤ When did you last have algebra?
- ⑥ Tell me something about you, in a complete sentence or two.

$$C = 2.37x + 8000$$

$y = mx + b$
slope vert int.

$$C = \underline{2.37x + 8000} \quad R = \underline{4.59x}$$

$$4.59x = 2.37x + 8000$$

$$x = 3,604$$
